COOLIDGE HEARS OF
DAVIS' CHALLENGE;

BIG DAY IN PLYMOUTH

Testimonial by Mountain Folks Will
Be Made for President Twenty
Thousand Persons Will Meet
in Little Village; Quiet Day Tomorrow.By United Press.
PLYMOUTH, Vt., Aug. 23.—Presi-
dent Coolidge will reply to the chal-
lenge of John W. Davis, his Demo-
cratic opponent, to join in a "public
condemnation of the Ku Klux Klan
and thereby remove that subject from
political debate this year."This appeared evident today when
C. Beacom Slomp, the President's
secretary, prepared for an exchange
of messages with party leaders re-
garding the manner in which the
reply should be made. Whether a
decision would be reached while the
President is still on his vacation or
whether the pronouncement will
await his return in Washington, is
not yet known.Davis' challenge dropped into the
quiet of the village here with some-
thing like a bombshell effect last
night. Secretary Slomp motored from
Woodstock to Colonel Coolidge's
home and caught the President just
as he was retiring. Mr. Coolidge
read the words of the challenge and
the light of a lamp in the parlor and
then decided to make no statement
until he had a full copy of the Davis
speech.Because the Klan issue had nearly
wrecked the Democratic convention
in New York, Republican leaders had
so thought Davis would revive it and
they in turn were not anxious to
raise the issue in their own ranks.
Hence, they agree that any reply calls
for very cautious treatment and the
wisest counsel before it is made.
Davis' political reception of the
pledge of the President's vaca-
tion came on the eve of Plymouth's
big day for its favorite son. This
is the day of the President's reception
to his fellow townsmen and neigh-
bors. Veterans, farmers, and school
children are expected in the demon-
stration of the President's popularity
among his own mountain people. The
roads for miles in all directions
are expected to be crowded with
thousands of people and are
marked one-way traffic.The reception is designed as a
testimonial of the President's ratifica-
tion of the condemnation shown him
for absolute seclusion during the
first days of his vacation. Tomorrow
the Coolidges will spend the day
quietly, attending church as usual.Driver of Wrecked
Car Is Charged With
Manslaughter; HeldTwenty-five year old driver of the ill-fated Ford
roadster in which four were riding
when it sped on the curve opposite
the Watkins home on the Coolidge
road late Thursday night, was released
under bail yesterday on a charge
of involuntary manslaughter. The in-
formation was preferred by Corporal
Jack Oldham of the state motorcycle
police before Alderman Joseph J.
Michael.It is alleged by the motorcycle po-
lice that Shull was driving in a reck-
less manner; down the steep moun-
tain grade at the time of the accident,
the car skidding a distance of 45 feet
after skidding on the turn.Funeral services for Joseph Shull,
22, who was killed in the wreck, will
be held at 2 o'clock Sunday after-
noon at St. Patrick's church. The in-
terment will be in Park Place cemetery. Corporal
S. A. Shull will conduct an inquest in the
case next week.At Uniontown Hospital it was stated
that William Hannan, aged 22, the
second most serious of the injured
had some chance for recovery, al-
though he is suffering from a com-
pound fracture of the skull. Roy
Hawthorn, the other occupant of the car
will be able to leave the institution
in a few days.Rain Brings Relief
From Extreme HeatRelief from the sweltering heat
that has gripped the coke region was
brought about by the showers last
night and more rain is promised in
the noon weather forecast. The
thermometer reached 94 de-
grees yesterday and did not drop any
lower than 89. This morning at 10
o'clock, the mercury was stranded at
74.W. H. Shaw Improves.
William H. Shaw, Civil War veter-
an, who has been ill at the home of
Mr. and Mrs. Luther H. Shaw, his son
and daughter-in-law, of Jefferson
street, is able to get about the house.
He expects to be able to come down
stairs soon.Dawes Denounces Klan as

MARS, RADIO EXPERTS
HEAR STRONG SIGNALSLONDON, Aug. 23.—An attempt by
British wireless experts to "listen in"
on Mars resulted in strange noise-
being heard at 1 o'clock this morn-
ing. The source of the noises could
not be ascertained by the experts.
The attempt was made on a 44-
valve (tube) set erected on a hill.
Representatives of the Marconi com-
pany and of London universities
were present.Tuning in started at 12:30 o'clock
a. m. and 1 a. m. on a 30,000 meter
radius, sounds were heard which
could not be identified as coming
from any earthly station.The sounds were likened to harsh
dots, but they could not be inter-
preted as Morse code. The noises
continued on and off for three minutes
in groups of four and five dots.VANCOUVER, B. C., Aug. 23.—
Signals blinding out other messages
which have led radio experts serious-
ly to consider the theory that Mars
is trying to "tune in" were received
at the Point Grey wireless station
again today and were also heard by
the wireless expert at the Marconi's
Exchange here.The signal has been noticed at
the same hour practically every day
for four weeks, it was declared.
Mr. Mollis, wireless operator at the
government station at Point Grey to-
day, said: "It is absolutely distinctive and
cannot be attributed to any known
instrument or static or to leaking
transformers in Vancouver."This morning the signal which
dominated the air tunes was heard at
5:20 and at 7:15; at the same time to
the minute they came in on the
previous days. It again came in four
groups of four dashes—or rather four
"dots" as powerful as they could be
"tuned out."E. T. Norton to Give
Address of Welcome at
Road Jubilee Aug. 27The committee on speakers for the
celebration of the opening of the Con-
nellsville-to-Farmington road on Wed-
nesday, August 27, has secured the
services of E. T. Norton, president of
the First National Bank, to deliver
the address of welcome. Mr. H. H. Har-
rington of Ohio and Principal Har-
baugh of the Mill Run schools have
been added to the list of speakers.According to the invitations are
being received in gratifying number.
County Commissioners Hibbs, Langley
and McCallister, Judges VanSwearingen,
Reppert and Work, Ex-Congress-
man Sterling and other prominent
persons have indicated their desire to
be present.Chief Marshal A. S. Silcox an-
ticipates that at least 200 automobiles
will be in the Connellsville contingent
of the parade. The mountain people
may not have as many cars but they
expect to have much the larger num-
ber of people in their formation.E. Sturge Colburn, in charge of the

For Fighting Oil
Fires Is SuccessFRANKLIN, Pa., Aug. 23.—The new
foam process for putting out oil fires
was brought into play last night
when lightning struck an oil tank of
the Atlantic Refining Company and
destroyed 2,000 barrels of oil.
Officials of the company said today
that the new foam process is a suc-
cess as it enabled them to keep the
fire down to a minimum and also
save other tanks nearby.MAN'S INHUMANITY

CHICAGO, Aug. 23.—Blending law,
logic and medicine with philosophy,
eloquence and understanding, Clarence
Darrow today delivered a powerful
sermon against man's inhumanity to
man.For minutes at a time Darrow seem-
ed to forget he was pleading for the
lives of Leopold and Richard
Loeb for their murder of Bobby
Frank and talked only as the kindly
philosopher, the humanitarian, de-
scribing the taking of human life by or-
ganized society."Yesterday I was asked the motive
in this case and stated that no human
being could have done what these boys
did without having diseased minds,"
he began. "I've proposed to show you
that certain facts in the lives of these
boys show that beyond all shadow of
doubt that their minds were dis-
eased."Darrow said there was no motive,
passion or hatred in this case. "It
was simply the doing of children," he
said. "They had no one in mind as to
their victim and no way to the school
or the playground of the Harvard school
to pick out some little boy—they cared
not whom—that they could kill."Darrow made a savage attack on
Dr. W. C. Krohn, 18 years, who has
been going in and out of the building and
other buildings trailing victims, re-
gardless of age or sex, seeking death,
and the motive is cash," Darrow
shouted. "One is a mad act of the
child, the other is a deliberate act of
money dealing in blood."The whole picture of
the crime, quoting attention, in

of the crime seemed in itself a defense.George Jones Suffers

Rev. Z. Colon O'Farrell will share
his pulpit with a monkey when he
delivers a sermon on evolution at
the First Baptist Church here to-

The minister said his theme
would be that if man was evolved
from a lower animal, he came
from the sea, rather than from the
monkey family.
The title of the sermon will be

Lake Under Construction
Along Upper Yough RiverAccording to engineers on the scene
the lake that will be formed by the
damming of Deep creek, 18 miles be-
low Oakland, Md., for power develop-
ment, will have a shore line of 70
miles. The dam will, it is said, slack
water for 11 miles up the creek valley.
There are so many lateral valleys and
smaller nooks along the shore that
the lake will cover an area of 4,000
acres.
Sportsmen have their eyes on this
immense body of water and its
possibilities for fishing. Stocked with
bass and other game fish it will in a
few years form the greatest resort for
anglers in the Middle Atlantic
States, it is asserted. And sports-
men will see to it that the fish for
stocking are supplied.
The dam is about half completed.
The engineers hope to have it ready
for closing the gates in the late fall,
so the basin may fill during the win-
ter and spring freshets.Locatelli Still Missing;
United States Cruisers in
Search for Italian FlierPlanes From Battleships Will

YANKS WILL CONTINUE

ON BOARD THE UNITED STATES
SHIP, Richmond, just 130 miles from
Greenland at the spot where the de-
stroyer Barry last saw Lieutenant
Locatelli, the Italian flier, at 2:30 P.
M., Thursday, Aug. 23.—The United
States Ship Richmond took up its sta-
tion today to direct the search for the
missing aviator. The heavy fog into
which Lieutenant Locatelli plunged
from eight two days ago was still
enveloping the sea early this morning.
No word had come that Locatelli had
been found and Admiral Magruder
was waiting only for the mist to lift
before putting out the Richmond's
searchlights to begin a search.
The planes will be used between
here and the shore while the cruiser
Hathorn and destroyer Barry are also
scouting along the east coast of Green-
land.The search for the Italian is not ex-
pected to interfere with the plans of
the Americans, who expect to leave

aviator, Lieutenant Locatelli, who has
not been heard from since he plunged
into a fog while accompanying the
American wireless flier from Iceland
to Greenland Thursday afternoon.Program of the search was told in
two official dispatches received by
radio this morning from the cruisers
Milwaukee and Richmond stationed in
the North Atlantic. The Richmond
advised officials here that as soon as
the fog lifted it will be in position to
Greenland Thursday afternoon.
The Milwaukee reported that a systematic search was
in progress from Frederickstad, where
the American flier landed, to Fre-
derickshaven, a hundred miles north on
the east coast of Greenland.BISHOP POST DELEGATES

clude Post Commander Max C. Plo-

mander of the western district; Joseph
E. Reed, and William H. Myers.
The latter was a member of the com-
mittee to select the place for the 1925
convention, Erie being the choice.When the resolution relating to ap-
propriations for the celebration of
Memorial Day and other patriotic
demonstrations was under discussion,
Past Commander Plo to declared it to
be unjust to the veterans of the Civil
and Spanish-American wars, and the
motion to strike out the objectionable
clause was carried.Mrs. A. B. Morton, president of the
Auxiliary of the Bishop Post, was the
official representative of that organ-
ization.Dawson Legionnaires were repre-
sented by Past Commander H. E.

AS AN ARGUMENT IN
NATIONAL CAMPAIGNPresidential Job Too Big and
Weights Too Heavily on Man
Of Advanced Years.

LAFOLLETTE BEYOND AGE

At Which Managers of Great Business
Enterprises are Chosen; Coolidge
Same Age as Lincoln When Inaugu-
rated; Davis of Same Age as Taft.WASHINGTON, Aug. 23.—John W.
Davis, age 51; President Coolidge, age
52; Senator LaFollette, age 48.
These statistics will figure in the
national campaign as an argument all
by themselves. Do the American peo-
ple want a man in the White House
who is physically able to cope with
the almost superhuman tasks of the
presidency, or do they wish to take a
chance on a man already in failing
health?As the campaign strategy is unfold-
ed it becomes apparent that the defi-
nitions of radicalism, progressivism,
conservatism and all that they con-
note will provide sufficient contro-
versy for those who take the trouble
to analyze issues minutely, but with
a vast number of voters the person-
ality and individual ability of a can-
didate is a controlling factor. To them
the question of the candidates' ages
will be propounded.Senator LaFollette was born on June
14, 1855 and if he were inaugurated
president next March he would be
within three months of seventy years.
At the expiration of his first term he
would be nearly 74 years old. No man
has ever been elected to the presi-
dency at such an advanced age. Wil-
liam Harrison was 68 when inaugu-
rated and served one month, Zach-
ary Taylor was 64 and died after a
year in office.The vigor with which President
Roosevelt conducted his job was due
in no small part to his youth. He was
42 when he took the oath of office as
president. Woodrow Wilson was 56
years old and broke down after 63.
President Harding was 55 when in-
augurated and did not live out his
term.When Mr. Harding died, there was
considerable discussion as to the size
of the presidential job and how it
weighed down a man of advanced
years. Few business corporations
would choose a general manager at
the age of 55 or 60 and none would
pick a man of 68. Yet the presidency
of the United States, which is the
largest single business institution in
the world, is being sought today by
one man who is nearly 70 years old.
Were he in vigorous health the situa-
tion might be different, but he has
spent a large part of the past year
under the care of a physician.Both President Coolidge and John
W. Davis are younger than most of
the men who have been elected to the
presidency. President Coolidge is the
same age as Abraham Lincoln when
inaugurated, namely 52. Mr. Davis is
somewhat younger being the same
age as William Howard Taft on his
summing office. Grover Cleveland was
47 when inaugurated the first time.
Grant was only 46. Garfield was 49.
Most of the presidents have been in
the fifties.All the vice presidential candidates
this year are young men. They count
ly on the fact that Senator LaFollette has
a distinction of running for office
at an age almost unprecedented in
American history. It will not be an
asset but a liability to him in the
campaign. The political folk are
sensitive about a man's age. The
junior senator from Indiana, Senator
Ralph H. Cameron, was popular in the
middle west and considered seriously
for the Democratic nomination but his
party colleagues were afraid that his
age—66—would be a handicap and
that opponents would constantly refer
to it in their efforts to persuade the
voters to select a younger man.There is no general understanding
in government circles as to the age of
retirement from public office but fed-
eral judges are rarely appointed now-
adays if they are beyond 70 years,
of course, they are in excellent
health. Severity is considered an up-
per limit.The question of age is going to be
heard from a good deal in the forth-
coming campaign—and not to the
detriment of the two candidates,
of the major party—but as a means of
convincing voters of the futility of
voting the third ticket.Marx Appeals for

DISTILLERY RAIDED;
MOONSHINE LOCATEDConstables working out of the office
of County Detective Wade K. Newell
in Uniontown, yesterday raided what
officers declare to be one of the most
lawless districts in the county, ar-
rested Dave Pritts, a descendant of
Bill Pritts, and placed him in the
county jail, seized 110 gallons of
moonshine liquor and a 7-gallon
still.The county detective, discussing
the raid, said the district was a very
difficult one to patrol, stating that
officers going there always meet with
resistance from all the inhabitants.
Yesterday, while searching for moon-
shine, the officers divided one group
keeping the crowd covered with rifles
while the others uncovered the con-
traband. Even then, according to in-
formation received, officers had to
take drastic steps to quell rising dis-
orders.As officers went out, it was said,
when officers searched the Pritts
home and investigations of other
homes disclosed nothing. The signal,
it was said, were shots fired into the
air.The big still seized had been set
up in the famous old Bill Pritts dis-
tillery. It was going full blast when
the officers arrived. In addition to
the still and moonshine, 20 barrels
of mash were confiscated and de-
stroyed. The other evidence was
taken to Uniontown.The liquor was found after a sev-
eral hours search. Put up in 10-gal-
lon kegs it was cleverly hidden
under brush, pines and leaves.Participating constables were
Grimm, Falkner, Brown, Jones and
Bowman.Prince of Wales,

Let's Go—Wednesday, August 27th

GOOD roads are essential to the advancement of any community. They are the links that lead us to the outer world—the links that lead others to us. With the ever-increasing use of the automobile better roads have

become a necessity not only to ourselves, but to visitors from other points as well. The city or town that is the hub of well paved thoroughfares is progressive and thriving. Our plea to county and state is: "Give us better roads!"

Let's Go—To the Celebration of the Opening of the Connellsville-Farmington Pike

The completion of the first section of the Connellsville-Farmington Pike is the occasion for this Celebration. Are you going to be there? Come on—you're needed. Show that you want the balance of the road improved as soon as possible by your presence at the Celebration. Bring your whole family and make it a basket picnic if you wish. (It's not necessary, however, as the Mountain Churches will have refreshment stands.) Don't fail to be there.

August Sale of Blankets Begins Monday

And Continues for the Balance of the Week

THIS ANNUAL SELLING OF FINEST BLANKETS, which begins Monday, places at your disposal some of the most remarkable Blanket values in many years. Thrifty housewives, hotels, boarding houses, institutions and others, are advised to look into the values offered, compare them with others—then purchase liberally. The merchandise is our own regular stock—all first grade—and the quality of every one is guaranteed.

Every Blanket Is of the Finest Quality, and First Grade.

The unusually low prices herein quoted are most significant in view of the unsettled state of the market—in fact, all indications point to a decided upward trend. This fact alone should encourage buying in quantities sufficient to last throughout the long winter months so

near at hand. As all our purchases were made while prices were at a much lower ebb, we are enabled to offer most substantial price concessions for this event, but all future purchases made by us must necessarily be on an upward market—and consequently prices quoted to you will be much higher for the future. Therefore

Anticipate Your Future Blanket Needs Now and Avail Yourself of These Important Price Concessions.

Operation for Heart Disease Is Success

Vienna.—The complete recovery of a patient operated upon here for angina pectoris by the American surgeon, Dr. Walter B. Coffey and Dr. Brown of the Southern Pacific hospital, San Francisco, has aroused the keenest interest of a conference of three groups of physicians from various parts of the world who have been directing their efforts to the relief of angina pectoris by surgery.

The conference was called by Prof. Wenckebach, a well known heart specialist of Vienna university, who delivered a course of lectures on that subject in the United States last year and included, in addition to Drs. Wenckebach, Coffey and Brown, Prof. Eppinger, Hoyer and Winterberg, of Vienna and Prof. Neale of Baltimore.

Prof. Wenckebach's visit to America did much to promote international cooperation in medicine and surgery.

Divada Independents Shut Out By Star Junction in Thrilling Pitcher's Duel

Spectacular Fielding Marks Conflict, Staged on Dickerson Run Field.

FINAL RESULT IS 3-0

The fourth shut-out of the year was chalked against the Divada Independents last evening, when the Star Junction nine defeated the Divada Independents, 3 to 0, at the Dickerson Run Y. M. C. A. grounds. In one of the best games of the year, Yonko of Star Junction and Shallenberger staged a pitchers' duel, with the former getting the best of it. The game was fast and interesting throughout.

Spectacular fielding prevented scoring in the first two frames by both teams. The visiting aggregation tallied twice in the fourth inning. After Hoban flied out, Moon came through with a single. He rounded the paths when Urlick was out on a triple. Urlick again tallied on Brown's double to deep center. Gabor opened the seventh inning for the visiting outfit. He sent a wicked drive to Joe Shallenberger on the mound which the latter knocked down. In trying to get the batter at the initial bag, he threw the ball wild and it went to the bleachers. With Shallenberger batting, Gabor side third. The batter tried to Shallenberger. Yonko came through and sent a sacrifice fly to deep right, Gabor tallying.

The home team turned in a real double play in the second frame. Brown singled. With Huser at the stick, Brown tried to steal but was caught going to the sack just as Huser missed the third strike.

This was the third meeting between the two teams, with the Star Junction sporting two wins. In the first contest, the Junctionites took off a hectic battle, 14 to 13; and dropping the second 8 to 4.

Moon led in batting for both outfits, getting two singles, while Urlick contributed with a triple and Brown of the home nine hit a double, only nine safe hits were granted during the game. The visiting team topped six while Yough Valley managed to get the others.

This was the Divada team's fourth whitewash of the year. Capstan Independents marked up the first one, 3 to 0; Olyphant came back with a 3 to 0 shutout; after which Perryopolis chalked up a 3 to 0 decision. This evening, Star Junction will clash with the strong Leisenring No. 3 team. The game will be played at Star Junction.

REIDMORE DEFEATS KLAIRDALE OUTFIT
The Reidmore outfit defeated the strong Klairdale Independents last evening, 7 to 1. With Gallagher, twisting for the levers, the Reidmore aggregation scored out nine safe hits and credited them with the three errors made by Klairdale. Reidmore played effectively for the South Connelville club and allowed only five hits. He whiffed seven.

CAPSTAN, IN 51ST GAME, SUFFERS ITS FIRST WHITEWASH

Playing the 51st game of the year, the Capstan Independents suffered its first whitewash of the year last evening at Reverse. This was the first time the Reverse outfit had defeated the Capstan nine in the fourth start. The Capstan worked on the mound for the Bluejackets and the defeat made his third of the year. Hutchison opposed the South Connelville lads on the mound and twirled a good game. He allowed the local outfit seven hits and whiffed six. His mates garnered 10 safe blows behind him.

Moorman was hit by a batted ball on the right wing and was handicapped during the game. The injury came in the second inning and in the next frame, the home outfit scored its first run contributing to the fourth with another. The fifth round netted three runs for the Reverse clan. The Capstan team, although threatening at all times, had three men stranded on the third bag.

Jimmy Davis was hit by a foul ball in the third frame and exchanged the season over Pittsburgh. They have fallen victim to Newell again, McKee, Rooks, Pittsburg and Moorman each once. Just who will twirl for the Yough Valley outfit is not certain but it is probable that Skipper Addis, himself, will go on the mound.

The poor showing made by the local nine against Pittsburgh last Saturday, no doubt, will bring about a shake-up in the team's line-up this evening. The team, although hitting the ball hard, could not stop anything in the field. They were beaten by a six-run rally in the ninth frame.

Cooper Blanks Retires.
Whitaker Cooper's single, scoring Traynor, provided enough runs to win yesterday's ball game from the Boston Braves, but the Pirates' moundmen led him to two more tallies in whitewashing the Beantowners, 3 to 0. Cooper's southern slants were run out for the Boston club, allowing them but three safe avenues. Boston dropped into last place by virtue of the defeat.

GOV. PINCHOT JAILS HIS DOG FOR LIFE.

When his pet dog, "Pep," a Dutch pointer, killed a cat and a dog, Governor Pinchot, of Pennsylvania, sentenced "Pep" to confinement for life in the Eastern Penitentiary on the charge of murder. He has been adopted by H. Schumann, one of the guards.

Wild pitch—Hutchison.

Hit with pitched ball—Moorman, C. Francis.

Struck out—By Moorman, 4; by Hutchison, 6.

First base on errors: Capstan 1; Reverse 2.

Double play—Alexander to Pep Francis.

Time of game—1:30.

Star Junction Has Five Games Booked In Next Five Days

The Star Junction nine has a very busy week before it. The team has already arranged five games for the next week and negotiations are under way for two more. Tomorrow, the Junction clan will play the strong Brownstown outfit at Gillespie. Monday the team will journey to Leisenring No. 3 where it will play another tilt. Tuesday, Fairhope will be the attraction at Star Junction, while on Wednesday, a return game will be played at Fairhope. The Divada Independents will play at Star Junction Thursday. The team is trying to get games for Friday and Saturday and will consider "bids."

This is the first season the team has been enjoying a very successful year. The Junction outfit has won 25 games out of 33 played. Fifteen men compose the roster and six of these are moundmen. Every member of the squad is a hard hitter, with Urlick the leading slugger.

Pleasant Valley Golfers Nosed Out By Somerset Club

The Pleasant Valley Country Club golfers were beaten by seven points at Somerset yesterday. K. K. Kramer managed the local team at Somerset. A splendid banquet was served following the tournament.

The Somerset outfit will be here in about two weeks time. The local golfers will seek revenge in the return tilt. About 40 players made the journey with the local club.

Dickerson Run Rail Team to Play Today

The Dickerson Run railroad team will play its seventh game today at the Dickerson Run Y. M. C. A. grounds, meeting the strong Monocess team. Skipper "Bill" Addis and his gang will strive to break the losing streak that has been trailing them.

The railroaders have lost five straight games, winning only the first game of the season over Pittsburgh. They have fallen victim to Newell again, McKee, Rooks, Pittsburg and Moorman each once. Just who will twirl for the Yough Valley outfit is not certain but it is probable that Skipper Addis, himself, will go on the mound.

The poor showing made by the local nine against Pittsburgh last Saturday, no doubt, will bring about a shake-up in the team's line-up this evening. The team, although hitting the ball hard, could not stop anything in the field. They were beaten by a six-run rally in the ninth frame.

Why 40,000 people a month Endorse Chevrolet Quality

It is a matter of record that, for the last few years, the trend in the automobile industry has been toward better quality for lower prices.

That Chevrolet has met this public demand to a greater extent than any other car manufacturer is proved by the fact that Chevrolet sales have increased by a far greater percentage than any other maker of automobiles—jumping from 77,000 in 1921 to a production of nearly 500,000 in 1923. In 1921 Chevrolet's monthly sales were around 6,500. Today 40,000 people a month buy Chevrolets.

There can be only one reason for this—and that lies in the appreciation, on the part of the public, of the fact that Chevrolet offers a car of fine quality, fully equipped, and—purchase price and maintenance considered—at the lowest cost of any car built.

Most people are surprised when they actually see a Chevrolet because it is so much better than they expected. In justice to yourself, don't buy a car until you have seen Chevrolet.

Tennis Is Taking Hold in Dawson Courts Occupied

Tennis has taken a good grip on the Dawson residents. Recently a number of prominent business men joined hands and constructed tennis courts and every day they are filled with net asthmatics. Among the men who erected the courts are: Earl A. Porter, Dr. M. N. Cameron, E. H. Foss, and John Smith.

It was made known that a tennis association would be formed at the Yough Valley town but just how the action would be taken was not stated. It is not probable that the association will be formed before next spring.

At the Theatres

The Paramount

"THE AVENGER," with "Big Boy" Williams in the leading role, is the feature picture today at the Paramount.

Helplessly tied on a runaway horse, Miss Byrne had one of the most hair-raising and thrilling experiences in her adventurous career. This ride figures as one of many thrills in the new western feature, "The Avenger," with "Big Boy" Williams, which has just been completed on the west coast. Miss Byrne was tied on the horse and was being kidnapped by Rockwell Thomas, who was taking her to Mexico. A chapter of "The Fast Express" is also included.

The Soisson

"DISCONTENTED HUSBANDS," showing today at the Soisson, presents James Kirkwood in an interesting role.

The story, by Evelyn Campbell, was written with Mr. Kirkwood in mind as the leading player, and the producers held back production of it until he was ready. Fine reports on the picture have come through from critics who have witnessed its metropolitan showings, and the consensus of opinion seems to be that it is one of the best pictures of the year, thus far.

Monday, Tuesday and Wednesday, Harrison Ford will be seen in "Bright Lights of Broadway."

The Orpheum

"OUR HOSPITALITY" on view today at the Orpheum is something new in the comedy field. It is in seven reels and presents Buster Keaton in the leading role.

Aside from the Keatonesque situations, which are a staple part of the troupe-faced laugh artist's comedies, the story depicts the history of America during the railroad building era—one of the greatest periods in the growth of the country.

Much of the humor of the story is developed from the quaintness of social conditions of that time.

Monday, Tuesday and Wednesday, "Thundergate," featuring Owen Moore, will be shown.

THE KITCHEN CABINET

(By The Western Newspaper Union)

The best aristocracy of which any man can boast is a long line of healthy, honest, industrious ancestors.

He who spurns himself upon his ancestors is like a man who is good of him is under ground.

DISHES YOU WILL ENJOY

Take freshly popped, tender corn well seasoned with salt and butter and put through an electric meat grinder.

Popcorn Pudding—Take two cups of popped corn, ground; three cups of milk, three eggs slightly beaten, one-half cup of brown sugar, one tablespoon of butter and three-fourths of a teaspoonful of salt. Scald the milk and pour it over the corn and let stand one hour. Add the remaining ingredients, then into a buttered dish and bake in a slow oven until done. Serve with cream or maple syrup.

Spinach—Take a quart of heavy cream, sweeten and flavor to taste, whip until stiff, skimming off the top so that every bit of the thin cream drains through a sieve. When all is whipped, pile high in a warmed sherbet cups and serve with sponge cake.

Lemon Cheese Cakes—Line petty pans with puff paste or rich pastry and fill with the following: Take one pint of well-drained cottage cheese, one egg, one tablespoonful of flour, one table-spoonful of butter; mix and mash the cheese very fine, add one and one-half cups of cream and sugar to taste and the grated rind of a lemon. Fill the shells and bake the tops with grated nutmeg and sprinkle with sugar. Bake in a hot oven.

Olives Stuffed With Anchovies—Peel large olives from the stone, leaving the pitting in spiral form. Wipe the oil from the anchovy fillets and press one into each olive. Set them in a glass dish on a bed of water; cover with bread sticks before or with the soup.

Celery With Cheese—Cut the cores of stalks of celery and cook until tender in boiling salted water. Place a layer of the cooked celery in a baking dish, cover with a layer of rich white sauce, sprinkle generously with grated cheese and repeat with another layer. Finish the top with buttered crumbs and bake until the crumbs are brown.

MRS. MILLER SOUNDS CALL FOR WOMEN TO REGISTER SEPT. 4

Absolutely Necessary for All Who Want to Vote to Be Properly Enrolled.

OLD REGISTRATIONS VOID

A call to men and women citizens of all parties and especially to those who are "first voters" and to the thousands who have never taken much interest in public affairs to register on Thursday of next week, September 4, in preparation for the coming presidential election was sent out today to all corners of the Commonwealth by Mrs. John O. Miller, chairman of the Pennsylvania League of Women Voters from the League House, 1735 Spruce street, Philadelphia.

The state chairman also announced that a meeting of the State Central "Get-out-the-Vote" Committee representing various state organizations of public-spirited men and women and also all parties would be held at the League House in Philadelphia, next Tuesday, August 26, at 10:30 A. M. Mrs. Martha G. Thomas, the delegate representing the League will be present. Reports will be received as to work already done in the interest of getting out a big November vote and plans made for the campaign up to November 4, including the automobile caravan which is to tour the State in October. Mrs. Miller urged that all delegates representing the organizations which formed the State Central "Get-out-the-Vote" Committee be sure to attend this meeting for the purpose of sustaining and carrying to a victorious conclusion the basically patriotic movement typified in the "Get-out-the-Vote" campaign.

In her call for registration, Mrs. Miller said:

"It is absolutely necessary that all who desire to vote in the November election, no matter for what party or candidates, should be registered. All previous registrations are void. If the 'get-out-the-vote' campaign and the caravan are to succeed in their patriotic objects, all eligible voters must be registered. Voters should also enroll in the party of their choice. In one sense, as indicated by the steadily declining percentage of eligible voters who have gone to the polls in the last three decades, Democracy is at the cross roads. To make our democracy work, we must vote to such an extent that the real will of the people are expressed in all elections. Enemies of representative democracy are organized and at work to combat these undermining influences must organize by registering and voting. There isn't any doubt that once the people are aroused to the importance of this question they will make our democracy work. But it has to be done, not merely talked about. The individual vote is one of the foundation stones of American democracy. The success of the 'get-out-the-vote' campaign means that as it should not, it will not be uprooted. Therefore let us rear up a great registration total on the first registration day, Thursday, of next week, September 4. This is the first day for registration in all cities of Pennsylvania. Then let us increase that total on the second day for cities, September 15, and finally on the third and last day, October 4, let us add still more so that at least 75 per cent of the total possible vote may be polled on November 4. In the rural districts, in townships and boroughs personal registration is not required. But citizens in those districts should make sure their names have not been overlooked by going to the polls on September 2 and 3 and actually seeing that their names are on the lists. 'Eternal vigilance is the price of liberty.' It is a well worn phrase but it is up to every man and woman to give it a new and present day distinction."

ABE MARTIN

On Boy Orchestras

NEXT ICE BERG-SUE FROM KALAMAZOO

FIVE PROSPECTIVE CHARGES ON THE COMMUNITY

A census of the boy orchestras throughout the United States has just been completed and the figures are staggering. Unless some vigorous action is taken, an immediate decline in the tide of youth in the direction of dance orchestras, our whole economic structure may tumble. I say nothing of the regular army of exodus of kids and young men from the useful walks of life to the hundreds of thousands, while those who are devoted to the golden habit form years of their lives to trombones and trap drums may easily be surprised since wherever there is a saxophone or a drum and a trombone are hard by. Employers of child labor are complaining bitterly, while parents who wish to make dentists and plasterers of their sons are wincing at their

hands. At this present day grass among boys to join slap bang orchestras is driving our girls into the professions. Instead of prowling about during the long summer evenings with girls on their arms fully eighty per cent of our boys may be seen darting here and there carrying bass drums, fiddle boxes and horns. An what kind of music are they making? We saw a fine promise looking boy buy a new suit but for his trombone the other day with money his father had given him, not for mowing the lawn or washing the car, but just out of the goodness of his heart. We know his dad has a fine conscientious cement mixer and a new cap daily on Sunday. The saxophone is an old time musical instrument, and for many years, or up to the time jazz got prominent it had no standing whatever in

decent, ear respecting musical organizations, but today its low degraded notes predominate at all dances. We don't know how true it is but we have heard that those jazz orchestra boys make three dollars an hour while they last. But what of the future years, but what of the day of reckoning when their orchestra days are over, when they're tossed into the arena of life with nothing to commend them but an ear for noise? Glitter stuck on a musical instrument is different from any other diversion. We kids have most any other kind of a hobby or still study law or medicine or learn a trade or excel as a bookkeeper but become endeared to a musical instrument destroys initiative and the ambition to tread the nobler walks of life.

TWO-YEAR "AG" QUOTA AT STATE UNFILLED

STATE COLLEGE, Aug. 23.—A practical course for the boy who intends to make farming his life work is the statement made in one catalogue of the course in agriculture which has just been issued by the Pennsylvania State College. Although the quota allowed for the course has not been entirely filled applications are coming in every day and authorities expect a full enrollment when the course opens on September 24.

This course has been given at Penn State for some time and many of the most successful farmers of the state are listed among its former students. The course according to Professor R. G. Bresler who is in charge, is designed primarily for those who are not prepared for a longer course but who desire training in agriculture that will enable them to farm more intelligently. Any boy or girl 18 years of age or over, who can satisfy the authorities he or she is capable of handling the work will be admitted.
